ENTWURF

An aerial photograph of a residential neighborhood. In the center, there is a large, multi-story building with a prominent orange roof and a parking lot. To the right of this building is a large green field, likely a baseball field, with a brown dirt infield. The surrounding area consists of numerous smaller houses with various roof colors, interspersed with green lawns and trees. A road with multiple lanes runs diagonally across the middle of the image. The overall scene is a typical suburban residential area.
